How the Portal Works

At Trillium Creek Dermatology & Surgery Center, we are pleased to offer an interactive patient portal that helps you take control and access your medical information at your convenience.

Our Patient Portal allows you to:

- View medical records
- Access your test/biopsy results
- Input medical history
- Update medications and allergies
- Access educational handouts
- View post care instructions
- Add/change pharmacy

Test Results

You will be contacted by call, text and email once we have received your results, asking you to login to the Patient Portal.

*Please be advised that results may take up to 2 weeks to be received and updated to your portal.

If you do not follow up in regards to the results, we will send another call & text, letting you know your results are in and still need a follow-up.

If you still do not follow up, a letter telling you to check your results will be mailed to your home.
