APRIL – MAY 2025

PREVENTATIVE Skin Cancer Screenings

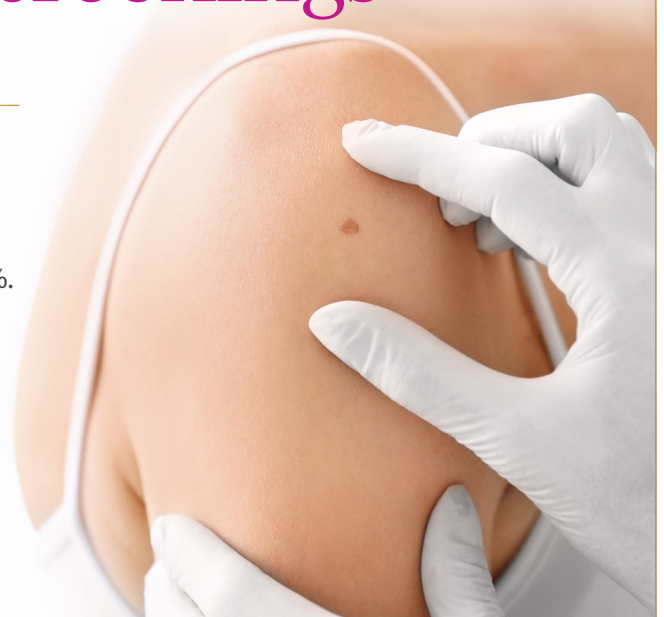

SKIN CANCER STATISTICS:

- 1 in 5 Americans will develop skin cancer by the age of 70.
- More than 2 people die of skin cancer in the U.S. every hour.
- Having 5 or more sunburns doubles your risk for melanoma.
- When detected early, the 5-year survival rate for melanoma is 99%.

SCHEDULE YOUR APPOINTMENT WITH
Dr. Wyatt Andrasik

OR ANY **Physician Assistant**

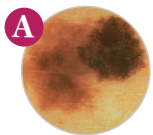

AT ANY OF OUR FIVE LOCATIONS IN BRUNSWICK, MEDINA,
STRONGSVILLE, WADSWORTH, OR WOOSTER.

HOW TO **SPOT** SKIN CANCER

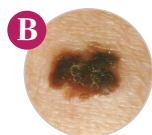

Our Preventative Skin Cancer Screening will include an exam to look for any abnormal moles or lesions. If any concern is found during your exam, a follow-up visit will be scheduled for a biopsy and treatment of these findings.

The A, B, C, D, E's of Melanoma

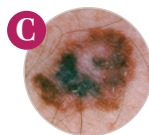

A stands for
ASYMMETRY

One half is unlike the other half.

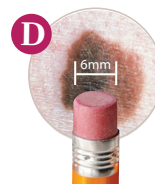

B stands for
BORDER

The spot has an irregular, scalloped or poorly defined border.

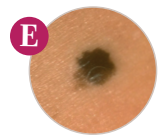

C stands for
COLOR

The spot has varying colors from one area to the next, such as shades of tan, brown, or black, or areas of white, red, or blue.

D stands for
DIAMETER

The spot is larger than a pencil eraser or changing in size and color – it should be checked.

E stands for
EVOLVING

The spot looks different from the rest or is changing in size, shape or color.

Example: 

*Offer valid April 1– May 31, 2025 for in-office appointments with any available provider. No co-pay or out-of-pocket expense at time of visit. Insurance required. A preventative code will be billed. If your insurance company processes and leaves any patient responsibility, the patient will be billed. A second visit will be necessary if any procedures are required or any other concerns need to be addressed. Any balance for procedures will be patient responsibility. ©2025 Trillium Creek Dermatology.
