

Job Title: General Dermatologist
Company: Trillium Creek Dermatology
Locations: Medina, Wadsworth, and Wooster, Ohio

Full Time
Not required to work at all locations.

Trillium Creek Dermatology is seeking a General Dermatologist with an interest in general dermatology. Trillium Creek offers Mohs surgery, state-of-the art technology, lasers, cosmetic procedures, adult and pediatric services to over 100,000 patients annually.

We are a private family-owned business since 1978 and serve the Medina, Wooster, Wadsworth, Brunswick and Strongsville communities. As such, we appreciate the family work-life balance. All providers have support staff, scribes and medical assistants. This support ensures your success and efficiency. Our administrative team handles all the logistics that providers need. We offer generous CME credits, medical and malpractice insurance, and vacation. In addition, we offer 401(k) and 401(k) matching, medical, vision and dental insurance.

[The Dermatology and Surgery Center](#) is headed by Dr. Helen Torok. The Center offers treatments for all skin conditions including acne, psoriasis, allergies, eczema, bacterial infections, ringworm, hives, rosacea, nail diseases, hair disorders and more. Cosmetically, we offer skin improvement procedures including anti-aging treatments, facial rejuvenation, laser rejuvenation, laser hair removal, hand rejuvenation, lip enhancement, spider vein removal and other state-of-the art aesthetic enhancement procedures.

[The Mohs Skin Cancer Center](#), headed by Dr. Bryan Baillis, offers state-of-the-art treatment for two of the most common forms of skin cancer: basal cell carcinoma and squamous cell carcinoma. Mohs micrographic surgery performed by the Trillium Creek Dermatology staff is highly effective — even if the skin cancer has been previously treated.

Practice highlights include:

Full-Time | 5 Days per Week

This position offers a competitive base salary with an opportunity to earn additional performance-based compensation. Providers are expected to maintain a minimum daily patient volume of 45 patients.
