# FERRELL-WHITED

## PHYSICAL THERAPY SERVICES

**Getting you back doing what you do well.**

At Ferrell-Whited,  
Patient care comes first.

We are proud to be a clinic that specializes in “hands-on” care. This means that our treatments typically include more than just exercise and may involve such things as deep soft tissue massage, joint mobilizations, manual stretching and myofascial release to name a few. Over the last six years, our highly-trained caring staff has grown from 13 to over 25. Despite our growth, Ferrell-Whited is committed to providing the highest quality rehabilitation services to our patients. We provide a very friendly, relaxed atmosphere where our patients feel comfortable and cared for. We also have a new indoor, inground warm-water therapy pool. The water temperature is kept at 88-90 degrees so it feels great for aching muscles and joints.

We are open 6 days a week with convenient evening hours.

**Mon - Thurs 7:00am - 7:30pm, Fri 7:00am - 3:00pm, Sat 8:00am - 12:00pm**

### Specializing in:

- Neck and Low Back Pain
- Headaches
- TMJ Pain
